**Friday, August 21, 2015 8:00PM Lecture: **Spiritually Speaking**** with Daniel Akner, Psychic/Medium & Fine Artist. This has been a year of SPECTACULAR change! A Time of renewal, transformation & affirmative action is here. Classic of a Green Wooden Sheep Year, it began unassumingly quiet. But, as predicted, as soon as the Northern Hemisphere became verdant & lush w/greenery, a Great Shift manifested! And nothing & no one has been left un-touched. Politics, Cultural Events, Racial Perspectives, Gender Identity, Economic Issues, Food & Water, Energy Supply, Environmental, Religious. The Spiritual Awakening is perhaps the biggest “Shift”, albeit the least reported about in “The News Media”!

In light of this barrage of change, Daniel will be giving this very Special “Psychic Summer Wrap-Up Presentation “. This will be an opportunity for we, The Spiritual Community to sort out our thoughts, ideas & hopes for the Future. We are ALL going through a massive Grand Evolution. A Great Culmination is taking place, starting the week of Sept. 23rd. So, this Event couldn’t be more timely! Now more than ever, we must help each other through the Final Phase of the Worlds’ Transformation. Mankind, Animal & Plant Kingdom, the Universe of Endless Stars. We are One. And we must wrestle the wheel from “The Sleep Walkers. “In retrospect some-day, this year 2015, will prove to have been crucial to our survival on many different levels. Daniel will spend the balance of the night doing Spot Readings & Channeling Insight for our Audience Members. His much anticipated, Annual Pre-Halloween Presentation on Oct. 30th. at ” The Eyes ” is still a go. It’ll be fantastic, of course. But THIS date, The Eve of Aug, 21st, will be a primer, if you will. This may prove to be the most important Presentation he’s ever given. The Autumn Equinox brings with it ... The final Shape of Things to Come.
