LECTURE: SPIRIT ART & COMMUNICATIONS
with Sandy Ingham, International Trance Spirit Artist Medium
and
Winter Brook, Psychic Medium

Join the Eyes of Learning and Winter Brook, psychic medium in welcoming Sandy Ingham to the US. Sandy is a trance medium from the UK who draws portraits of Spirit communicators while under trance and controlled by her main guide, Leo. She has recently begun to have precipitated color appear on the portraits she sketches in pencil. Currently there are only three known mediums capable of producing precipitated color in the world today.

In her first appearance at the Eyes of Learning, Sandy will join Winter Brook to give a joint demonstration of mediumship. As Winter Brook brings in the communication, Sandy will be in trance drawing the communicator's portrait. The drawing will be given to the recipient of the message at the conclusion of the program.

Sandy demonstrates her mediumship across the UK, Europe and Australia. Sandy resides in the UK with her husband, Mike, three children and grandchildren. She is a retired nurse. You can find many examples of Sandy's work and additional information about her on her website.
