LECTURE: EDUCATION FOR THE NEW AGE AND THE AWAKENING of HUMANITY

An Evening with Joseph

This presentation will explore the education necessary to enter into the frequencies that are now visiting the Earth plane. This includes a discussion of the Spiritual Laws and Universal principles that govern all lifetimes ~ including the laws of Rebirth, Karma and Attraction. A substantive change of knowledge is needed for adults and children and is imperative if we are to survive the threats to our environment, and perhaps avert yet another world war. Through a metaphysical analysis of current accepted institutions and standard education, we will set the framework for a radical new approach to learning ~ and living. With this advantage we will then be guided through changing trends, and the evolution of higher consciousness to come, with peace, wisdom, prosperity and harmony.

*Joseph is a Metaphysician, speaker, writer, channel and medium, with a concentration in the **AfterLife**, transition awareness and healing, the **Spirit World**, and the study of the evolution of consciousness. Complimenting this **Metaphysical** work, **Joseph**, a former practitioner in the law, also counsels and guides creative artists in the fields of music, film and related media, instilling and awakening a spiritual awareness of creative intelligence and higher consciousness in the Arts.*
